

2015 Math Adoption Guide

Contracts with these publishers have been extended through December, 2015.

Some materials may no longer be available.

Please contact the publisher's representative before placing an order.

Recommended K-5

Publisher	Title of Material	Author	Copyright	Grade Level	ISBN Number	Correlation*
Macmillan / McGraw-Hill	Macmillan/McGraw-Hill Math Connects Kdg Kit	Altieri, et al	2009	K	978-0-02-107399-3	76% NCTM = 94%
Key Features: A blended emphasis on concepts, skills, and problem solving for a truly balanced program. A focused emphasis on vocabulary to build mathematical literacy. Intervention options prescribed within the program. Research-based development of problem-solving strategies, skills, and investigations from Kindergarten through Grade 5. A variety of ongoing assessment options including diagnostic, formative, and summative assessment in addition to self-assessment options for students.

Wright Group / McGraw-Hill	Everyday Mathematics, Pre-K Classroom Resource Package Third Edition	Andy Isaacs, Amy Dillard, James McBride & Max Bell The University of Chicago School Mathematics Project	2007	Pre-K (PreK-6)	9780076045181	NCTM = 56%
Note: No pre-K standards. Key Features: PreK-6 core mathematics program, developed by the University of Chicago School Mathematics Project in order to enable children in elementary grades to learn more mathematical content and become lifelong mathematical thinkers. Everyday Mathematics sets the standard for success with: Over 20 years of research and development. Results unequaled by any other program. Differentiated instruction and materials to meet a wider range of teacher and student needs. An easy-to-use Teacher's Lesson Guide with built-in support for instruction. Assessment that informs instruction and measures growth and achievement. Online technology support for both teacher and student.

Wright Group / McGraw-Hill	Everyday Mathematics Grade 3 Classroom Resource Package	Andy Isaacs, Amy Dillard, James McBride, & Max Bell The University of Chicago School Mathematics Project	2007	3 (PreK-6)	9780076045808	83% NCTM = 56%
Key Features: PreK-6 core mathematics program, developed by the University of Chicago School Mathematics Project in order to enable children in elementary grades to learn more mathematical content and become lifelong mathematical thinkers. Everyday Mathematics sets the standard for success with: Over 20 years of research and development. Results unequaled by any other program. Differentiated instruction and materials to meet a wider range of teacher and student needs. An easy-to-use Teacher's Lesson Guide with built-in support for instruction. Assessment that informs instruction and measures growth and achievement. Online technology support for both teacher and student.
